

# Adolescent Development: What is Typical?

Presented by:

Phil Robbins, Ph.D.

Tuesday, December 11,  
2018

6:30 – 8:30 pm

Pelham High School

Media Center

Dr. Robbins, is the President and co-founder of Salem Psychological Associates. His practice includes child and adult individual therapy and family therapy. Dr. Robbins works with area school districts and Courts to provide educational and diagnostic assessments. Individual and family therapy is directed to helping clients understand the context, both current and developmental, of their current difficulties and encouraging them to use this understanding to create change.
